# COMPANY CERTIFICATES

## **AVENA GROUP PHILOSOPHY**

We have succeeded at Port Said Electrical Industries - Avena over the past years in making our activity occupy a prominent position through the quality, flexibility and trust that characterize all our products and services. The main factor in achieving this achievement has been our constant endeavor to exceed our customers' expectations.

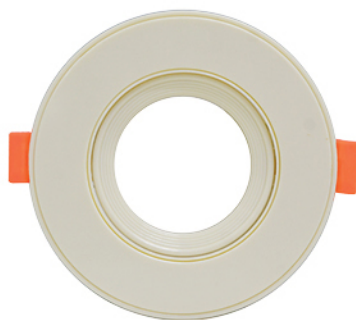

Today, with the growth of our business and activities that chart new horizons for our Egyptian society and for other communities to which our services reach, we remain committed to our philosophy of producing high-quality products in accordance with the highest international standards, forming partnerships of mutual benefit with our customers in the Middle East, investing in human capital, and preserving Our position as a company that competes regionally and internationally.

The company exports all of its products to its customers around the world. As a result of our strict quality control system, punctual delivery, and devoting all efforts to customer satisfaction, we have earned an excellent reputation and long lasting, developed business relationships with all our customers at home and abroad.

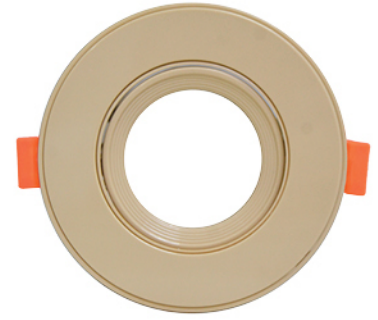

Our abundant human resources and advanced management have placed the company in a highly competitive position in the field of electrical industries. The company relies on advanced technologies and modern management methods to meet the requirements of performance methods in the flexible market system.
